# So What Are The Changes...

Header and Student View

# Header Information

Degree	Major	Level	Student Class Level
BBA_ECON	Economics	UG	UG 3rd Year

- In the Banner version, both the degree and major will be displayed in the Degree field. In the example above, BBA\_ECON signifies that the student is pursuing a Bachelors of Business Administration with a major in Economics. Degrees will no longer be listed as AB#3, BBA#2, etc.
- In the Banner version, student classification is displayed as UG\_Year, or PH\_Year.
  - For example, a student who is entering the University of Georgia as a Freshman will be classified as UG 1<sup>st</sup> Year.

# Refresh Option

Last Audit	Last Refresh	
03/27/2014 at 2:02 p.m.	03/27/2014 at 12:30 pm	

- Advisors will now have the ability to refresh an audit with data directly from the Banner student information system.
- Why would an advisor refresh an audit?
  - Grade Changes
  - Newly added or dropped class
  - Newly changed major or minor
- Once the Refresh button is clicked, the “Last Refresh” time will change. You must then “Process New” to see new data on the audit.  Once the audit is reprocessed, the “Last Audit” date will change.
- The Refresh Option should only be used if needed. Excessive use of this functionality could potentially cause a strain in the system.
- The normal automatic refresh schedule will continue.
