\*Please work with department schedulers and OIE to ensure that all academic courses are scheduled in the same Session as the program FSTY course.

\*\*Total Contact Hours = Total Lecture Hours + (Total Field Hours / 2)

Courses require 12.5 contact hours for each credit hour earned

\*\*\*BIOL 4960, ECOL 4960, and MARS 4960 will only be taken by students who have already taken one of the classes listed above. These three independent research courses will be offered as substitute options to allow students who have already taken one of the "core" courses to participate in this Field Study Program. The instructor of record for these courses will depend on the course for which the student is seeking a substitute (i.e., if a student has already taken MARS 3450, then the student will take XXXX 4960 with Mary Ann Moran. If the student has already taken MARS 4380, then he or she will take XXXX 4960 with Damon Gannon.)
