Request for New Prefixes

Date: February 23, 2021

School/College/Unit: Office of Research

Department/Division: Biomedical and Translational Sciences Institute

New Prefix Requested: NEUR, Neuroscience

Justification: The Interdisciplinary Neuroscience Program would like to request the creation of a new course prefix, NEUR, Neuroscience, in order to accommodate the growing program. Such a change will bring the program into proper alignment with other neuroscience programs in the state. Additionally, this new course prefix will help bring disciplinary continuity and facilitate a stronger interdisciplinary neuroscience network on campus.

The prefix will be housed in the Biomedical and Translational Sciences Institute in the Office of Research. All courses will be submitted and considered through the established faculty governance course approval process. NEUR courses will be available to undergraduate and graduate students.

New Prefix Requested: BTSC, Biomedical and Translational Sciences

Justification: The Biomedical and Translational Sciences Institute would like to request the creation of a new course prefix, BTSC, Biomedical and Translational Sciences. This identifier will be used for the creation of new courses that will become part of a Masters in Science program currently in development.

The prefix will be housed in the Biomedical and Translational Sciences Institute within the Office of Research. All courses will be submitted and considered through the established faculty governance course approval process.
