Dr. Arnett C. Mace, Jr.  
Senior Vice President for  
Academic Affairs and Provost  
Administration Building  
CAMPUS 30602

Dear Dr. Mace:

Enclosed, please find a proposal to deactivate the Major in Landscape and Grounds Management. The request was submitted by the Department of Horticulture and was approved by our college curriculum committee and faculty council. Landscape Management is now an approved Area of Emphasis in the Horticulture Major.

We respectfully submit these proposals for your review and consideration.

Sincerely,

Joseph M. Broder  
Associate Dean for Academic Affairs

Dear Dr. Broder:

Please deactivate our Landscape and Grounds Management Degree. We have revised our curriculum to include Landscape Management as an Area of Emphasis in the Horticulture Major and no longer wish to offer a Landscape and Grounds Management Degree.

Sincerely,

Dr. Doug Bailey  
Department Head

**II. Conditions for Deactivating or Terminating Programs**

The deactivation (temporary suspension) or termination (discontinuation) of programs is expected to address satisfactorily the conditions listed below in order to be approved and implemented within the University of Georgia. Please provide sufficient information to confirm each condition.

1. Provide copies of the studies and decisions that warrant deactivation or termination of the program.  
  
No applicable studies available.
2. State the reasons for deactivating or terminating the program.  
  
The Horticulture faculty revised the curriculum to include Landscape and Grounds Management as an Area of Emphasis within a revised major of Horticulture. This combination of two majors (Horticulture and Landscape and Grounds Management) into one (Horticulture) better represented the education that our students were receiving.
3. State the plans for allowing those students already in a program to complete degree requirements.

There are no barriers to the graduation of existing students exist as the curriculum revision included no changes in courses being taught.

4. What will be done to minimize the impact of deactivation or termination of the program upon the personal and professional lives of the faculty involved?

Not applicable.

5. What will be done to insure that deactivation or termination of the program does not weaken other programs (graduate, undergraduate, or professional) for which the department may be responsible?

No impact is predicted on other programs.

6. What plans, if any, is there for subsequent reactivation or reinstatement, respectively, of the deactivated or terminated program?

No plans for subsequent reactivation exist.
