

Environmental Awareness Subcommittee – 2019-2020

Subcommittee Members:

Dr. Rodney Mauricio, Chair, College of Arts and Sciences
Dr. Elizabeth Little, College of Agricultural and Environmental Sciences
Dr. Sudhagar Mani, College of Engineering, absent
Dr. Anne Marie Zimeri, College of Public Health

The Environmental Awareness Subcommittee of the University Curriculum Committee met on November 14, 2019, at 4:00 p.m. in room 115 Holmes-Hunter.

Following reconsideration, the subcommittee approved the request for the following courses to be included in the list of courses that satisfy the Environmental Awareness requirement:

PBIO 1210, Principles of Plant Biology

The subcommittee denied the request for the following course to be included in the list of courses to satisfy the Environmental Awareness requirement due to insufficient evidence in the CAPA course description, learning outcome, and topical outline that the course meets the Environmental Awareness criteria:

ANTH 2045, Introduction to Biological Anthropology

The subcommittee recommended the course be revised to include additional evidence and be resubmitted for consideration.

The subcommittee discussed the addition of an appeals process to the Environmental Awareness Policy.

The meeting adjourned at 4:45 p.m.

Rodney Mauricio, Chair
Environmental Awareness Subcommittee
