   • Supply Chain Management ................................................................................................. 54
   • Distribution Services .......................................................................................................... 62

Note: Categories are not mutually exclusive, so the same job can be counted in multiple job clusters. For example, the Software Development cluster includes jobs that also fall into the Wireless/Mobility cluster – such as Applications Developers.
Online job postings rebounded successfully following the recession, and total job postings in Atlanta increased 27% – 87,600 postings – from 2007 to 2012.

Online job postings in Atlanta have grown 4.5 times faster than postings nationally.
Demand Overview

From 2010 to 2012, employer demand has grown across nearly all job categories in Atlanta.

- **All Atlanta Postings**
  - 2010 Postings: 247,283
  - 2012 Postings: 410,571
  - Change: 66%

- **Growth in Postings: 2010-2012**
  - Digital Media: 48%
  - Supply Chain Distribution Services: 115%
  - Software Development: 51%
  - Supply Chain Management: 49%
  - Financial Transaction processing: 31%
  - Internet Security: 82%
  - Wireless Mobility: 202%
  - Health IT: 167%
Demand Overview

Postings per capita in Atlanta are greater than national postings per capita in all job categories. Additionally, employer posting growth in Atlanta outpaced national growth across nearly all job categories from 2010 to 2012.
