The Experiential Learning Subcommittee met on March 24, 2022, at 2:00 p.m. via Zoom.

The subcommittee unanimously approved the minutes of the February 9, 2022, Experiential Learning Subcommittee meeting with one amendment to change the administrative home for Nick Fuhrman from the College of Agricultural and Environmental Sciences to the Warnell School of Forestry and Natural Resources as he has changed administrative homes as of January 1, 2022.

The subcommittee unanimously approved the request for the following courses to fulfill the Experiential Learning Requirement and be included as options on the Experiential Learning Transcript:

Grady College of Journalism and Mass Communication

ADPR 5012, Advertising and Public Relations Agency Internship (*Internship*)
ADPR 5742/7742, Health and Risk Communication Campaigns (*Internship*)

The subcommittee unanimously denied the request for the following non-credit activity to fulfill the Experiential Learning Requirement and be included as an option on the Experiential Learning Transcript:

College of Agricultural and Environmental Sciences

College of Agricultural and Environmental Sciences Student Philanthropy Council (SPC) (*Service*)

The subcommittee determined that this non-credit activity was better suited for the Leadership category and suggested that this activity be revised to reflect that and address that category of the rubric. The subcommittee also requested that there be more emphasis in the challenge section with additional information about the autonomy of the programming and students having more responsibility of scheduling the events.

The subcommittee discussed the inclusion of the following courses to fulfill the Experiential Learning Requirement and be included as options on the Experiential Learning Transcript:

THEA 2050, Applied Drama Laboratory
THEA 2060, Applied Drama Laboratory

Currently, THEA 2040, Applied Drama Laboratory, satisfies the Experiential Learning requirement. The subcommittee requested additional information from the Department of Theatre Studies because the course titles and CAPA course information for all three courses is identical. The subcommittee has requested the department to provide information about if the THEA 2040 course was intended to be repeatable, or if these are a progressive set of courses. Once this information is received, the subcommittee will review the courses.

The following items were presented to the subcommittee for information only:
