Athens, GA 30602
CAMPUS MAIL

Dear Professor Shipley,

On behalf of the Office of the Vice President for Instruction and the Washington Semester Program, I wish to formally request the establishment of the "WASH" course prefix for courses that are created as a part of the Washington Semester Program.

The Washington Semester Program was established in Spring 2007 and will enroll students in the program in Spring 2008. This program is housed within the Office of the Vice President for Instruction to emphasize its inclusive nature in which undergraduate students from all colleges and schools can participate. The establishment of a unique academic prefix will accentuate the university-wide nature of the program and allow ownership of the courses within the program's curriculum.

I am happy to answer any questions that you or any members of the University Curriculum Committee may have regarding this request. Thank you for your consideration.

Sincerely,

Donald G. De Maria
Director of the Washington Semester Program

Approved By,

Jere W. Morehead
Vice President for Instruction
